

Visioning Session Tuesday, September 29

Paul and I planned on hosting a Visioning Session on Tuesday, September 22. No one signed up, despite Paul working pretty hard to recruit at coffee hour that week.

A week later, we had a follow-up meeting to our awesome resale event. People were mentioning how they were having trouble making it to a Visioning Session. Since I always make sure I have my Visioning Post-its, I pulled them out and we did a very short, to the point session. Here are the results:

- Attendees:** Jill Bednas, Beth Figler, Liz Valdivia, Penny Taback (comment rec'd prior)
- Services** A Saturday evening service (2 persons suggested this)
- Services** Wednesday Noon Service cut back to once a month
- Sunday School** Sunday School during church. Kids would go to Sunday School for half of the service and participate in the second half of the service.
- Facility** A larger, cleaner kitchen. Adding an island would allow people to work side by side.
- Facility** Larger Sanctuary to hold larger congregation where everyone can see and hear.
- Big Picture:** Continue to do what we are doing , but make sure we are doing it very well. We need to be careful not to take on too many activities that would overload the parish.
